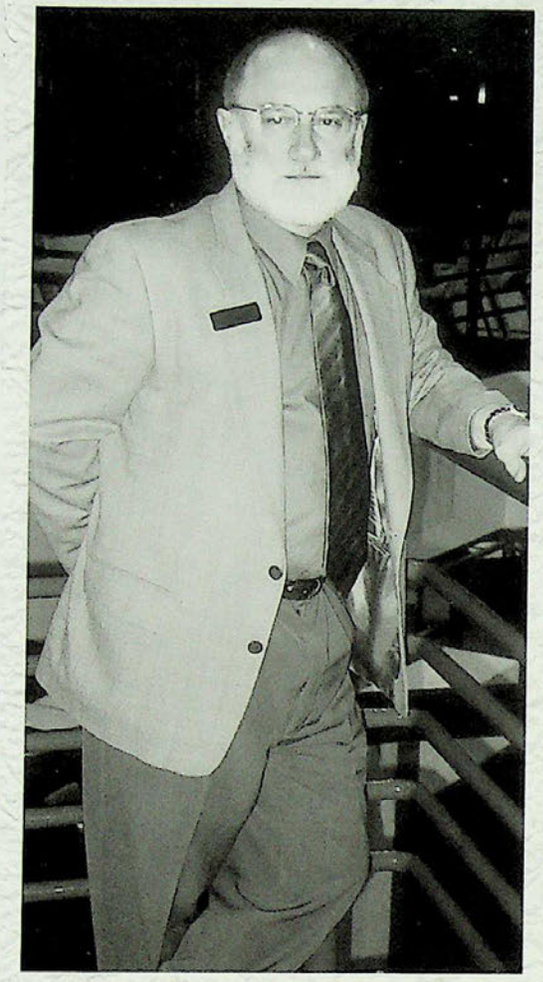
Mr. Marshall's Message



Our democratic society is a promise that everyone will have equal opportunity to obtain the best that our accumulated and diverse culture can transmit, generation to generation. It promises equal opportunity before the law and within the land. It promises equal opportunity to succeed.

Universal public education is the mechanism through which we seek to create, and develop the fabric of democracy. We use schools to re-create, in our young people both the recognition of, and the need for, heightened vision and heightened wisdom. Universal education becomes, as well, the mechanism that ensures that our practices remain honest and true. We encourage our students to look critically at our culture, to see what is worth venerating and to see what might just as well be avoided. By teaching students what is good, we derive Good from them. By teaching students about our cultural high points, our society's accomplishments, we show them our ideals and encourage them to reach, themselves, toward these shining gems of civilization. If education falters then the public good will falter. Universal education is the instrument, through which we build a democracy; students are the receipients of the knowledge necessary to sustain a democracy; and, society is the benefactor of these collective efforts.

Students at J. Percy Page High School are as equipped and capable as any to ensure that their society will be strong, open and vibrant. I wish you all auspicious futures.

Teacher Trivia

Guess the teacher...

1) Russian, born math teacher. Love every minute of being a math teacher at Page.
2) Love to go to university- just finished a Master's program and am contemplating a doctoral-can't keep me away!
3) Unusual? I'm the drama teacher! Everything about me is unusual. Don't everyone's eyelashes fall out due to stress? (P.S. Timmy rules!)
4) I am looking forward to retirement after 35 years with Edmonton Public Schools. Good luck to the students of Page in the future.
5) I learned how to drive a motorcycle in a 350 Kawasaki dirt bike with a kickstart and manual transmission. My only difficulties were that I was unable to start it by myself and it was too heavy for me to pick it up if I dumped it.
6) Think for yourself. Otherwise someone will do it for you.
7) She is a professional singer who has swim with dolphins in Mexico.
8) She snowboards or as they say in French, "elle fait de la planche a neige".
9) Her nickname is "Mad Dog" and she is one of the best arm wrestlers on staff.
10) She has dual citizenship (She is originally from California) and a dog who was in a Brick commercial.
11) I am so unique and special that it couldn't possibly be covered in one or two lines. I collect owls. Have about 70 owls- stuffed, ceramic glass- all mediums. Whoooo am I?
12) My father played on the hockey team that won the last Canadian Olympic Gold medal.
13) This year, I had the unpleasant experience of actually going through a computer table in the middle of class. The worst memory I have of teaching thus far is seeing the enter key from the keyboard sailing through the air towards my students. It was ugly. Just plain ugly.

Cascade House

It has been my pleasure and honor to be your Cascade Housemaster for this year. As I reflect upon the year gone by I marvel at all the student's successes at J. Percy Page. As a student body you have participated in Student leadership programs, Athletic teams, Drama Plays, Jazz and Concert Band, Taste of Page, Open Houses and many more tremendously successful activities. You are to be congratulated on doing your best to achieve as high as you can.

Congratulations to this year's graduates. As you move on to the next phase of your life I hope you remember the impact J. Percy Page has had upon your life. Go pursue excellence as set forth on your journey. Set your sights high and obtain your goals for if you work hard as I know you can you will find success and happiness along the way.

My best wishes go with you as you find your way!

"If we listened to our intellect, we'd never have a love affair. We'd never have a friendship. We'd never go into business, because we'd be cynical. Well, that's nonsense. You've got to jump off cliffs all the time and build your wings on the way down."
—Ray Bradbury

"What you were yesterday is fixed for always, making its mark on what you are today, what you will be tomorrow."

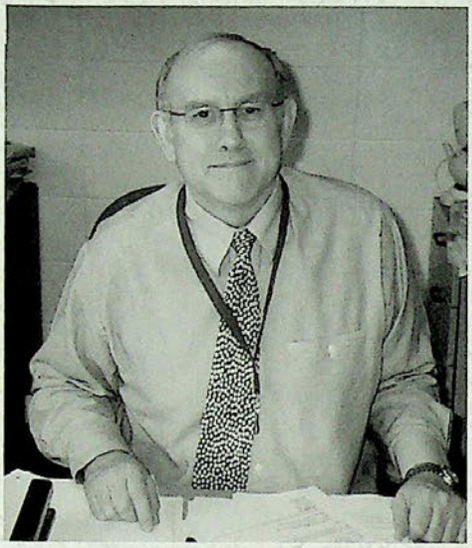
Sunwapta House



2001 is, mathematically speaking, the first year of the third millenium, and as humanity enters the twenty-first century we will face many challenges. The students of Sunwapta House, like the humans in Arthur C. Clarke's novel "2001- A Space Odessey "must confront the unknown, advances in technology and the uncertainty of the future."

But you, Sunwaptians, will persevere,achieve and prosper in your lifetime; and like the water of Sunwapta falls, you will join the ocean of humanity and make this earth a better place.

Always remember the lessons you learned, the friendships you made, and the wisdom you acquired while at J.Percy Page.

Carry these on into the future and be proud to be members of the class of 2001- "A Class Odyssey".

Chuck MacDormand
Sunwapta Housemaster

Wapiti House

Congratulations to the graduates of 2001-you are starting the millennium with so many opportunities ahead of you. I encourage you to take care of yourselves, value your uniqueness and strength and learn what it is that will bring you happiness and fulfillment on your journey.

Life is about growth; it does not exist without growth. Some of us resist growth because it requires changes and that may be uncomfortable or inconvenient. The change is really a change of thought, the way we allow ourselves to think. We cannot wait for something or someone to make things better, we need to take action on our own to nurture what we value. We have enormous power to create our happiness and fulfillment. I would like to share something from Gandhi as I encourage you to make each moment matter.

Positive

"Keep your thoughts positive
because your thoughts become your words.
Keeps your words positive
because your words become your behaviors.
Keep your behaviors positive
because your behaviors become your habits.
Keep your habits positive
because your habits become your values.
Keep your values positive
because your values become your desitny."

English Department

THE ENGLISH DEPARTMENT... MAKES A DIFFERENCE !!!!
William Shakespeare, Macbeth

Just as Shakespeare's Macbeth said, our tomorrows are creeping in again as we see the end of the first full school year of the new century. Eager to greet students in September to explore all sorts of wonderful literature and, of course, assign all those great essays were an especially keen group of teachers:

D. Anderson
V. Arnold
P. Bessel
J. Boyle
C. French
G. Hamilton
S. Holomis
W. Mitchell
C. Kemp
B. Sparrow

There were many changes in the school this year including Mrs. Sparrow's new roofless English classroom in Wapiti (now, from the hallway, we can listen to her inspiring lessons!), but many things remained the same including some tremendous student work in and out of all those English classes. Many Grade 12 students worked hard to help Hamlet understand "this quintessence of dust" and thought that they have hopefully learned a little bit more about themselves; most of our Grade 11's wandered the Canadian prairie in poetry and prose, and our Grade 10's opened their eyes to the delights of Shakespeare in *Romeo and Juliet* or *Julius Caesar*.

Many students this year took advantage of opportunities to attend theatre productions such as *Taming of the Shrew* and *Oedipus Rex*, while other students contributed moving pieces of poetry for our Remembrance Day ceremony and our Remembrance Day poetry collection, *Voices of Remembrance*.

To our graduating students, thank you for being such a wonderful part of our success this year! May the thoughts of others in the literature studied in our classes and the ideas that you have explored so well in all those high school essays be part of your eyes tomorrow. We hope that you will continue to read and to reflect upon the words of others so that your lives may be truly enriched. Remember as your old friend Hamlet recognized, the readiness is, indeed, all- the readiness for all the wonder that your life can be!

Ms. Kemp
English Department Head

Social Studies Department

Along with the entire student body, the staff of the Social Studies Department celebrates the completion of another year at J. Percy Page High School. We share many good memories with our students and wish our graduating class the best in the future. The department hopes we have had a role in opening the window of what life beyond high school has to offer.

In the classroom we have tried to keep you aware of current events and have provided you with the background material so you can make sound informed decisions in the future. We have tried to make the courses in Social Studes challenging and stimulating; many of you will remember trips to various drama productions and forums such as the Holocaust Symposium at the U of A. A variety of guest speakers from politicians, to ecologists have attempted to help us expand our minds and look at events differently. If we have done our jobs properly, we hope that each graduate will take his or her place in being concerned and active regarding social issues.

Our department provides much more than what is found in the curriculum. Perhaps you have worked with Mr. Long on the 30 Hour Famine or Remembrance Day ceremonies, or been involved with Mr. Montgomery on the cross country team. Many have attended conferences with the help of Mrs. Mawson, or have been part of a team coached by Mr. Ross or Mr. Briggs. Perhaps your concern about safety on our roads have led you to Mr. Hamilton's Students Against Impaired Driving Club. We have helped you raise money, expand your minds, and exercise your bodies. We have watched you grow and I hope that you have watched us grow as well. Our goal is that in turn you will encourage others to grow and examine new ideas and activities. Remember, we all cannot be the same.

To those students that are leaving us, we will miss you. To those that are returning to us in September we look forward in sharing with you the experiences your remaining high school years have to offer.

Randy Montgomery:
Social Studies Department Head

Mathematics Department

In the 2000-2001 school year the Math department welcomes three new teachers Ms. C. Miller (part time), Mr. Belostoski and Mr. Krull. Mr. Krull had been Mr. Belostoski's math teacher at Jasper Place High School. The other staff in the Math department were Ms. Bessel, Mr. Bihun, Mr. Kapoor, Mr. Lerbekmo, Ms. Matthews, Ms. Marika, Mr. Pysyk, Mrs. Stobbe and Mrs. Wilson.

This was the first year that students wrote diploma exams for the two new math courses, Pure Math 30 and Applied Math 30. The math department was proud of the achievement of the teachers and students in the semester 1 Applied Math 30 classes. All students passed the course. Another highlight during the year was the selection of Mrs. Stobbe as a finalist for an Excellence in Teaching Award.

Unfortunately a number of teachers will be leaving at the end of the year. We wish them well in their new placements and future endeavors. Ms. Marika is retiring, Mrs. Stobbe has accepted the position of Department Head of Mathematics at Strathcona, Ms. Matthews will be going to Strathcona and Mr. Krull will be going to Ross Sheppard to teach mathematics.

In one's lifetime many changes occur. The Math department wishes all the graduates success as they experience many changes in the upcoming years. To the students returning to J. Percy Page may you have success in your high school studies.

"Many who have never had an opportunity of knowing much about mathematics confuse it with arithmetic, and consider it an arid science. In reality however, it is a science which requires a great deal of imagination.
Sonya Kovalevsky

Ms. Marika
Mathematics Department Head

Science Department

This has been another eventful and productive year for the Science Department at Page. Several new teachers joined the department. Mr. Adams (Physics and Biology) came from M.E. LaZerte, and Mrs. Kalinowski (Biology) came from Queen Elizabeth. Two recent graduates also joined us: Mr. Ypma, who taught briefly last year in B.C., and Ms Beesley, who replaced Ms Benedik in semester 2. They both taught Chemistry and General Science, and looked so young they were sometimes mistaken for students. Mr. McNicoll, who came to Page to teach music, also taught some General Science.

Continuing their fine work at Page were Ms. Benedik, Mr. Gaumont, Mrs. Huculak, Mr. Maradyn, Mr. Mohsen, Mrs. Panylyk, Mrs. Sedens, and Mr. Wynn. With the possible exceptions of Mrs. Sedens and Mr. Mohsen (when he remembers to shave), it is not usually a problem for these teachers, or me, to be mistaken for students at school.

Through their own hard work, as well as the dedication of their teachers, many of our students achieved great success. Two fine examples were Shane Burns and Misha Szynkowski. Shane has the highest average in the school, including 100% in Chemistry 30. Misha was chosen to participate in the Alberta Heritage Youth Research Program during the summer, following Shane who did the same the previous summer.

To all of the "Class of 2001" I wish the best of luck, and great success in the future. To those returning to Page in the fall, I hope you have a wonderful summer and look forward to working with you again.

Page Athletics

School of Champions

Athletics at J. Percy Page play a very prominent role in the school's identity. Through a wide range of activity and 22 teams, the student body has an incredible opportunity to display their athletic skill and potential. Since the school's inaugural year in 1984, Page Athletics has continued to grow in size, skill and performance. The 2000-01 year has been no exception. Three City Championship titles were brought home to our school. The Jr. Boys Volleyball team celebrated a hard fought victory, while both the Jr. Boys Basketball and Sr. Mixed Curling squads captured their 2nd consecutive City Championship title. Unfortunately many success stories are never mentioned but it is these untold accomplishments that fuel Page's Athletics Program. Thanks to all of the coaches and staff advisors who have made our program so strong. I'd like to also extend special thanks to those members of the Athletics board where countless hours of hard work dedication have been invested into the promotion of sport, pep rallies, tournaments and the annual sports banquet. Good luck to all in your future endeavors and be proud of what we at Page have accomplished.

Physical Education

2000/2001 has been a fantastic year for physical education. We had more students registered in physical education 10AC, 20 and 30 than we ever had and what a group.

The physical education 30 classes once again provided us with many fond memories and plenty of laughs. Dan kept us entertained on the camping trip, Karla put our first aid skills to use and Jacob was the perfect morning gentleman serving hot chocolate to all the ladies. Thank you to all the P.E. 30 students for making this a super year. We would like to wish you all the best in the future, remember life is too short to let it pass you by, get involved and reach for your goals.

Congratulations to Sharon Pysyk, Dan Wanchuck, Melissa Kokoroyannis and Greg Smith for receiving the Physical Education 20 and 30 top student awards. Your dedication, commitment and enthusiasm for physical education is to be commended.

The winners of this year's triathlon/dualthon is as follows:

Individual Triathlon
Ryan Volkerink, Neil Dawyd and Adrian Zukowski

Individual Triathlon
Cassidy Scott, Robyn Wincherauk, Melissa Kokoroyannis

Team Male Triathlon
Zac Morse, Craig Hansen, Damian Stachura

Team Female Triathlon
Francine Lavers, Lindsey Krull, Barb Wamburu

Team Co-Ed Triathlon
Natasha Steinborn, Kim Tomilson, Nathan Levesque

Male Dualthon
Scott Armier, Mike Devoldere, Vic Josan

Female Dualthon
Monika Daniels, Suzy Cleary, Kristin Reitan

Congratulations to everyone who participated, you should all be proud of accomplishing this test of fitness, skill and courage.

Have a great summer.

Page Players

Early on in September the Page Players began creating the "KIDS" Dinner Theatre (complete with "Philip — the Hyper Hypo" and our own "Brady Bunch"). It was our turn to get some playful insights into dealing with KIDS. Four soldout performances would receive rave reviews. This would be cast, crewed and produced by the Performing Arts & Drama 30 students in collaboration with Mrs. Judy Menzak and our Foods' Department (and their culinary creations). Many thanks to our senior Page Players for their dedication and contributions over the years. Break-a-leg and we bid you a tearful 'adieu'. This year's student-directed ENCORE one-act play festival ran three evenings in April. The play roster included: "Rooming House" "Caution to the Wind" "The Celestial Helix" "The Final Play" "The Cave" "Mirrors" "Lurker" AND "Down Came the Rain" (directed by Shannon Sortland) and "Dear Amy" (directed by Erin Ruxton) which were chosen by adjudicators (Ms. Judith Boyle and Mr. Peter Kirchmeir) to advance to the city drama festival at the TIMMS Center (U. of A.). At the city level, Page brought home 4 awards and 1 honorable mention out of the total 20 awards given out. June's Appreciation Awards for Dance and Drama brought our year to a close. More memories, more laughter, more ideas.... We thank you, our audience for the tremendous support for our efforts throughout this year. We thank you, too, for your applause — it is our reward, but good acting is not an ego-trip, it is generosity!

Sincerely,

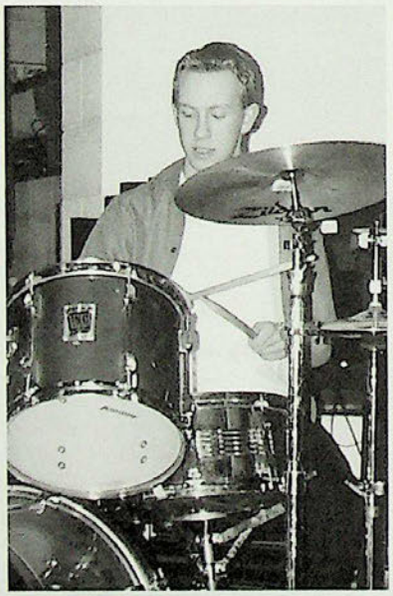
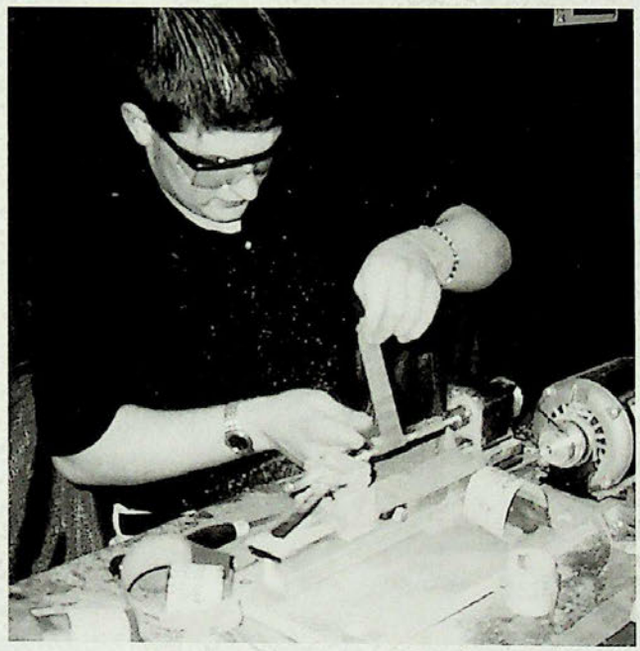
Band

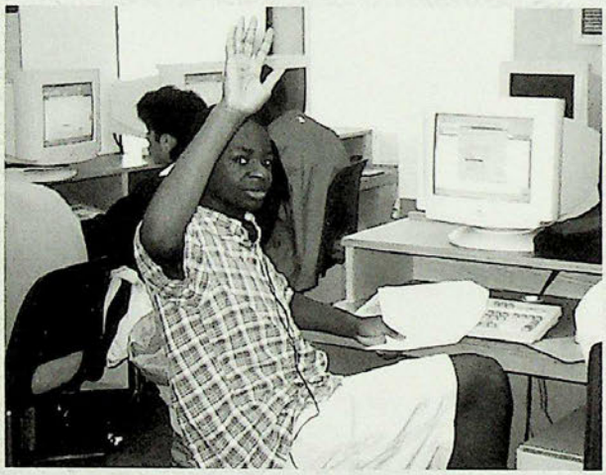


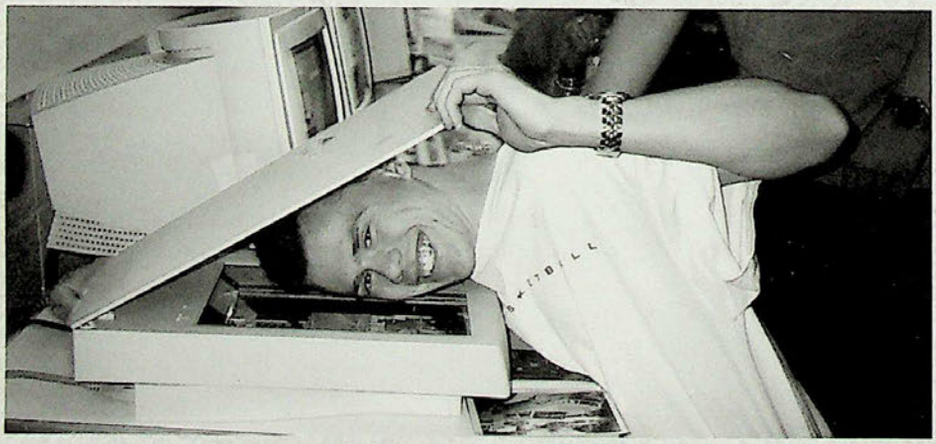
How do you sum up a year's worth of activity and achievement in an area as diverse as CTS? One can only hope to hit the highlights...

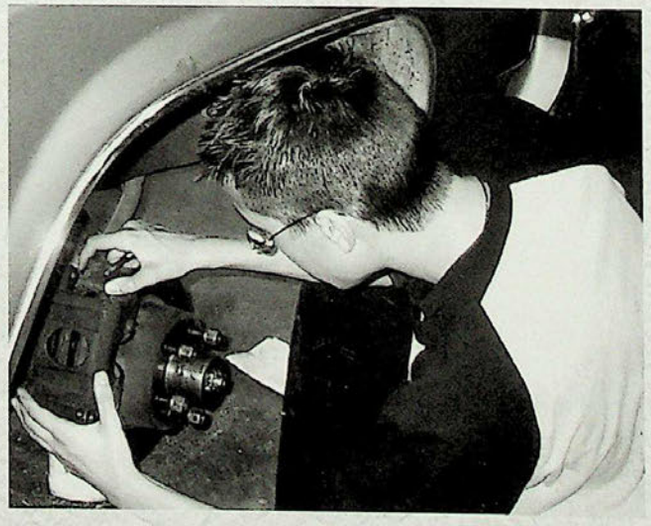
Cosmotology—Mrs. Horn, Mr. Horn, and Ms. Durand Cosmetology is a highly over-subscribed program at Page. Students who go on to Cos 20 and 30 are very keen in their endeavours as hairstylists. Their achievements, both in the classroom and out in the community, are numerous. For example, they hosted a group of elementary school children for day so that the younger children could experience the environment of a busy beauty salon. They also traveled to a local lodge to treat seniors to complimentary manicures. Field trips included the Long Beach hair show in California and the A.B.A. in Edmonton. The highlight of the year was competing in the Skills Canada provincial and national competitions, held in Edmonton. Page did very well, achieving one bronze three gold medals. These students proved that they—and our Cosmetology classes—are not only the "Best" in Alberta, but the "Best" in Canada, as well! **Graphic Arts—Mr. Dendy** This year Graphics Arts piloted a new program—Applied Graphic Arts 15, 25, and 35—that allows for a greater flexibility of curriculum. They also upgraded their equipment, purchasing both negative and flatbed scanners, a superb colour printer, and a high-end digital camera to complement the student computer workstations in Graphic Arts. New software includes a full suite of Adobe design products. Students next year can look forward to improving their fundamental design and drawing skills, but can be more creative in the digital environment, as well. **Legal Studies—Mr. Briggs** Legal Studies had five classes this year, and—besides covering the legal bases—they participated in field trips, as well. Legal Studies 10 and 30 visited the Law Courts, including the new gang trial room. Law 20 visited the International Airport for a tour and demonstration of Canada Customs (with the cool "sniffer" dog!) and control tower. **Design Studies—Mr. Bihun** A room change for Design this year enabled students to use both manual and CADD drafting technologies. House models derived from blueprints turned out to be excellent projects—students received a bonus in being able to use the construction shop to prepare their materials for these. The AutoSketch and Microstation CADD programs were—again—well received by all students.

CTS









Mechanics

Building Construction—Mr. Leibel This year saw a record number of Grade 10's taking Construction at Page—8 classes in total. The pace was brisk: • Open House showcased over 50 student-built projects, including pendulum and grandfather clocks, desks, buffets, Chevelle mirrors, oak bed frames, and others. •The Customer Service class completed numerous projects, including display cases at Edith Rogers, shelving units for our office areas, kitchen cabinets for community members, a sink enclosure for the Graphic Arts room, easels for the display of student artwork, and shelving units in the Mechanics tool room. •Next year Building Construction offers 12-credit programs at the 20 and 30 level, which will allow serious students to take on more ambitious work. Mr. Leibel continues to work on developing a House Construction program at Page, and has proposed building a garage for the school vans as a start. •Finally, Skills Canada continues to be a focus for student achievement and experience. Mr. Leibel and select students both coordinated and competed at the provincial and national competitions for cabinet making held in Edmonton this year. **Information Processing—Mr. Briggs, Mr. Dendy, Mr. Balbar, Mr. Pease** This year saw the purchase of a significant amount of new software and hardware for the computer programs that run at Page. Students at all levels benefited from the new digital camera, video cameras, and video projectors, as well as new animation, video-editing, and graphics programs. Students at the 20 and 30 level really put the new stuff to the test in creating numerous projects like: •Web sites for Debbie Carlson, Alberta Baby and Children's Photography, Add-On Central, the Community Access Project, and Performance Cycle and Auto, among others, •Mini-CD's to promote the Building Construction and Drama programs, •A Flash movie introduction for the 2001 Canadian Information Processing Society's "Information Conference Edmonton" website, •Videos for Extreme Fest (The Battle of the Bands), the PE20 camping trip, the school road show, Grad, and the Athletics Banquet, to name a few, •The program for the Western Invitational Basketball tournament, •A 3-D panther for use in future video productions, and, •Other smaller projects throughout the year, too numerous to mention! Staff and students next year are looking forward to collaborative work with the Graphic Arts, Music, and Drama departments in their quest to make high-quality student content to build their portfolios, promote their programs, and assist the school at large. **Foods—Mrs. Menzak, Mr. Townsend, Ms. Anderson** Foods will be the most popular program in CTS next year at Page, which attests to both the content of the course and the teachers that run the program. Students and staff were both excited about the new replacement stoves this year, and look forward to increased storage next year with additional fridge and freezer units. The Foods program at Page emphasizes hands-on lab work. While theory is important, they have more than 60 labs in a semester! Successful special events that relied on the Foods people this year included the Taste of Page and Dinner Theatre. **Mechanics—Mr. Bhardwaj** Mechanics welcomed a new teacher this year with the addition of Mr. Bhardwaj to the staff at Page. Classes and Customer Service kept both students and Mr. B extremely busy throughout the year. Next year sees the start of 12-credit programs at the 20 and 30 level, which would allow students that are serious about the trade to work in their chosen field for entire afternoons at a time. **Financial Management—Ms. Boyle** Financial Management students explore the world of business from a financial perspective. Students at Page have, for the past three years, had the benefit of Mr. Boyle's myriad stories about her former life as an accountant, and what accounting is like in the "real world". **A Special Thank You...**

to all of the teachers, support staff, and students who made this year a success. Aside from the learning that was accomplished by staff and students alike, CTS people added a lot of value to the school experience through the creation of their projects, their service to the school, the competitions they attended, their work in the community, and the numerous other contributions that were made on a daily basis toward our daily tasks.

A special thank you and best wishes to Mr. Pease, Ms. Anderson, and Ms. Boyle, who all accepted new positions at different schools next year, and to Mrs. Durand, who will be taking a year off to attend university. Best of luck in your future endeavours—you will be missed!

Global Classroom

This year another greater year for the folks in the Global Classroom, with one class of Global 20/30 and two classes of Global 10. As with other years, the Global Classroom students put together a number of great projects. In Global 10, we studied the effects of Child Ladour and other issues surrounding the humen trade. Students got together and created some excellent resources for everyone to use, including two great websites.

The Global 20/30 class, filled with experts in the area of video-confercing and projects, undertook a huge projects as part of the Safe and Caring Schools Initiative. This year's big video-conference event took place in April when students from W.R. Meyers in Taber, J. Percy Page, and Monarch Park School in Toronto, gathered together to hear froom the Reverand Dale Lang, Father of the young men that was shoot in 1999 at the high school in Taber. We also heard from our special guests, the Honorable Iris Evens, Ministerof Children's Services. The message was very clear: we must ensure that our schools are open and accepting, rather that judgmental and divisive.

The Global Classroom students and teachers from this year also took part in a number of smaller events, hooking up students and teachers from Ottawa, Quebec, Toronto, Peterborough, St. John's. These smaller events covered such diverse topics the developement of new musical pieces, landmine use and extraction, and a focus on te community of Mill Woods.

Page Christmas Party

What a great Party! Santa handed out more than 50 christmas presents to tots aged 6 months to 12 years. Page Students and Staff facilitated several fun activities such as face painting, cookie decorating, mini golf, colouring and christmas tunes!

Shaw Communications

Shaw continues to supply Page with two high-speed connections programs, Internet access and the others are; our special communications programs (Global Classroom and LearnCanada). Thanks to Shaw's support, J. Percy Page is the first school connecting us directly to major research centers around the world.

Now we can connect our students and teachers to the best learning opportunities that the world can offer - Ms. Karen Adrews

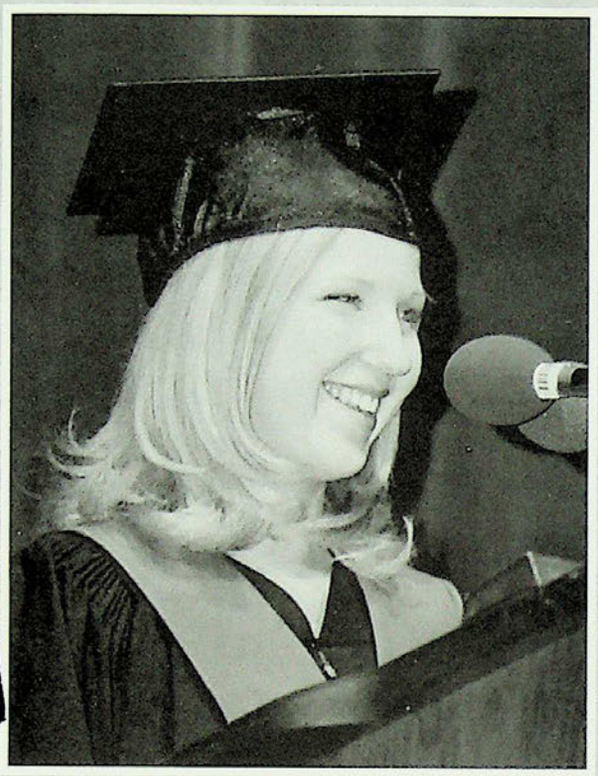
Grad President's Speech



With each heart the seconds in their same constant fashion. Time is a gift under appreciated. It is at Graduation, in this of our lives, that we are granted the chance to appreciate the past, cherish the present and look forward to the future. However, being a product of the past, we must maintain a sense of it. It is our foundation, our basis of our individuality. Go on guided with this knowledge of yourself and your dreams. Whatever the future may hold for you, live each moment with contemptuous joy. This life is yours to build as you choose.

There are some very special people who deserve thanks at this time - our Grad council. Composed of eight of your fellow students and two wonderful advisors, it was this council that built the ceremony that was our graduation. Please be sure to thank Teresa, Sharon, Megan, Bettina, Shing, Christine, Shannon, & Mrs. Greenhaglh and Mr. Bushewsky, if you happen to see them. Thank-you for the friendships, hardships and memories.
Good luck to all!

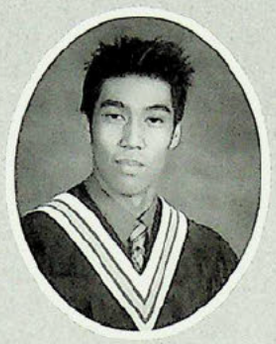
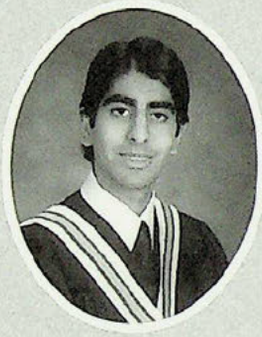
KRISTIN GRAY



RICKY GREGORIU: Well highschool's over! I can't believe it's gone by so fast. Over the last 3 years I've leaned so many things, most importantly that people are very materialistic and judgemental of others. It sounds cruel but it's true, we all know it but we can't change it. Like a wise man once said "come as you are, not as others perceive you...". PEACE OUT!



SARTAJ SUNNY GREWAL: Finally the time to graduate has come and gone. These three years have been great, oh It's True, It's true! I would like to thank my parents, family, friends, and teachers for helping me succeed. You all know who you are. Now it's time to move on to bigger and better things. It's time for some more school; post secondary will be tough. Oh well, more school will lead to those bigger and better things. So don't waste your time and give yourself a morality check, IF YA SMELL WHAT THE SUNMAN IS COOKIN'!...PS: I AM THE GAME!

AYANNA GRIFFITH: FIRST OF ALL I would like 2 thank my heavenly father in whom I put my trust. Next I'd like 2 thank my family & my WESTEND SISTREW. CANDICE HERON: When leaving this environment, one is moved by the caressing of sensation that for a moment we must glance back in effort to recapture these feelings yet again. The curtain has closed on this theatre of imagination. A stage in time that can be revisited only only when the eyes close and the heart and mind experience once more the performance of ancient stone, flowers, music and yes-art's synthesis. Between the best Ninja Turtles since the cartoon and karaoke nights, we've had some amazing times. Above everything, it's been emotional. ciao bella.

SHANA HERREWYNEN: WOW! This has been the best three years of my life, thank-you to everyone who's been a part of it. Stephanie we're finally done! To Steph, Ashley, and Melissa, you girls re my best friends. We had some great times and lots of memories. Hey Cheerleaders, we're #1! Provincial Champions. To the guys, you're wicked! Thanks for all the memories and the laughs. Rob, I love you, you're the best thing that ever happened to me. To the rest of the graduates, Good Luck in the Future!

NIGEL HINDS: Time flies when your having fun and as soon as you turn around it's done for good times and bad I thank Jesus my Lord even when I spoke up and my voice was ignored Thanks to SR,CG,KM,SF,RR I love yall for real; I know you'll go far I give thanks for my peeps at MWPA we talk and prayed and everything's okay Everyday I thank God for my sisters Mom and Dad for keeping me in their prayers even when I was bad Rich and Sabes keep in tact Any trouble, I have you back the rest you were there to keep me head high and in closing trust God one love and good-bye.

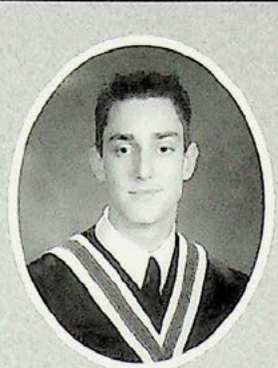
No matter where life takes us I will never forget you! xoxo Michelle

ALAINA LONG: I had a great time at Page and met some very nice people. All my teachers were great. HD, TS, V, AM, we'll have to get together sometime. CG, RW, NB, I'll be back to haunt you guys next year. I'll miss the good times, not the work. Good luck to those still at school and always remember this: NO hats, food, drink or music in the library and always sit where they can see your screen. See Mrs. G, learned. ☺



MURRAY LANGELIER: "Choose life, choose a job, choose a career, choose a family, choose a big television. Choose fixed interest mortgages, choose a starter home. Choose sitting on that couch watching mind numbing spirit crushing game shows, stuffing junk food into your mouth. Choose rotting away at the end of it all pissing your last in a miserable home, nothing more than an embarrassment to the selfish brats you've spawned to replace yourself, choose your future, choose life...But why would I want to do a thing like that."

miss.Beverly.Jordynn

Historians' Speech

Class Historians: Kelsey Wiens & Shannon Sortland

K: Good Evening graduates. I'm Kelsey Wiens.
S: and I'm Shannon Sortland, and we are your 2001 class historians.
K: It's our job to take you on a journey through the past three years. You all remember first initial shock of grade 10.
(SIIDE b ottom locker)
S: Grade 10 was full of new experiences.
K: I mean who could forget the first days of smoking behind the orange line, a bell that sounded like it was out of the movie Grease
S: the introduction to cafeteria food, and the daily site of Mike Hackman walking around in a neck brace.
K: And then there were our jailers, are teachers. (SLIDE Mohsonin striped shirt)
S: Nice shirt Mr. Mohsen, GRRRREAT choice of pattern.
K: (Slide SHEW)Come on, did our parents Know who they were sending their children to school with?!?!?
S: SLIDE Jones) Then Mr. Jones got promoted to housemaster.
K: She said Housemaster, Mr. Jones, not God, Housemaster.
S: *sigh* ah, the phys-ed department.
("Ms. Bonin" enters)-Welcome to grade 10 phys-ed, I'm Ms. Bonin, just so you all know I am pregnant, and I will be getting fat
K: we sure didn't know what to expect when we came here.
S: So we thought that we'd compose a list of other things that we'd wish we'd known before coming to high school. #1: For all you thugs out there, (SLIDE) it doesn't matter how many "do rags" you wear on your head, you're still from a small city in the middle of prairie Canada!
K: #2: One way to definitely get caught fighting—invite everyone you know!
S: Yeah, it's not like the teachers don't notice when 7000 students don't show up for class. #3: Skipping class to sit in the parking lot is NOT COOL! No matter how big your subs are!
K: Last year the historians made a comment we had to add to our top 5 list...#4: Girl when you were in grade 10, did you really think the grade 12 guys liked you for your "personality."
S: By the way Joey, despite the comeback of white boy rap
K: SSB (SLIDE ofSSB)
S: you are NOT Eminem! (SLIDE Joey beside Eminem)
K: #5: When the Temperature is -35, DO NOT pull the fire alarm!!!
S: -35 outside???? That's more like the temperature of all the classrooms in Wapiti!!!
K: Maybe instead of redecorating this year, which was totally worth the cost since we tore down an office for a classroom, then tore down a classroom because we needed an office....maybe instead of that we could have spent the money on some heating in the school.
S: While we're talking about money....The phone home system would probably have been more cost effective for some if it phoned when people actually were in class.
(Slide)
S: We would like to take this time to give our thanks to the cheerleaders, yes, we know that this isn't how to do a spirit finger, we were doing a par-o-dy at the pep rally.
K: (Slide of Pin) PURE SPIRT!!!!!
S: While we're on the subject of cheerleaders, lets mention their boyfriends.
K: Because they don't seem to have much of an identity...except for this
(SLIDE FSB)
S: Next week on Making the Band we have Paul Singh replaced by Dwayne Oletenade. Tensions are running high, but it doesn't matter because they all have matching vests!! Tune in Next Week.
(PHONE RINGS)
S: What??? No way. (whispers to Kelsey)
K: SSB and FSB Aren't real boy bands?????
S: Mr. Marshal I have to say It's amazing to see everyone in their graduation caps inside a building, and know that, just because they're wearing hats does not mean they're part of the sex trade!!!
K: Seriously Mr. Marshall, wearing hiphuggers, a tank top, and a hat while playing hackey sack does not make me a bad person.
("Ms Bonin" enters)-Hi guys its ms Bonin, I just wanted you all to know that I'm pregnant again so I will be leaving early this year
K: Last year was the first year in many that an actual school election was called. Why don't you talk about that Shannon, since you know everything about student's union and grad and what the cafeteria is selling for lunch, and just when is that next dance???
(Shannon walks away)
K: Or maybe I should just ask Sunjay.
S: Speaking of Sunjay....We've put together a list of people with their future ambition and their most likely probable fate.
K: Starting with Mr. President himself: Sunjay Rajput. (SLIDE SUNJAY)Future Ambition:
S: To star in own informercials.
K: Probable Fate:
S: (SLIDE of Garry) They'll still be hanging out at Garry's house.
K: Mark Jensen (SLIDE Mark Jansen) Future Ambition:
S: Pro wrestler who wins the belt.
K: Probable Fate:
S: (SLIDE Mr. Ross) Following Mr. Ross's footsteps by becoming a bouncer at the now defunct t-dome.
K: Mike Wakulchuk, (SLIDE of Mike Future Ambition
S: To continue being the nicest guy there was
K: Probable Fate:
S: (MIKE IN HALIFAX) Calvin Klein Model!!!!!
K: Since he's leaving this year and we couldn't not include him. (SLIDE MR MARSHALL) Mr. Marshall Future Ambition
S: Making milllions now that his life as a teacher is all but over
K: Probable Fate
S: (SLIDE HO HO HO) Continue giving treats to good little boys and girls.
"Ms. Bonin" Enters- Hi guys, its me ms. bonin, I will be leaving again this year, because I am pregnant again, but I brought some pictures of my kids. (Wallet)
K: Well that's it for reminiscing about the last three years. Thanks to Mr. Balbar, Mr. Wynn, and Sarah Jackson for the slide show.
S: And we hope you all make as fond memories in the future, as you have all helped to create for us in these past three years.

Valedictorian's Speech

Good evening fellow graduates, parents, teachers, and honored guests. Today marks the beginning of a momentous occasion: the start of an unpredictable trip to an unknown destination. Through twelve years of sometimes turbulent, and other times smooth schooling, we have earned our diplomas, which will serve as our passports in our quest of dreams. Though many of us are unsure of our aim in life while others have discovered their passion, some things are common among all of us. There will be times when our goals will be delayed, or lost on route to reaching our purpose, and it is even likely that we will doze off for awhile and forget where we were headed. However, opportunities will arise when we will reach our goals sooner than expected, or be bumped up to the next level in life without cashing in on our reward miles. Perhaps the most challenging obstacle facing us as graduates is deciding what it is that we must take with us, and what we must leave behind. We have accumulated innumerable life lessons, friendships, and experiences that have all become priceless in our lives. As we begin to board our separate planes, we must narrow down what we should bring along, and what we must leave behind, but how do we do this?

The influence of those around us will aid us in answering this question. Continual support from our parents and teachers has provided us with the tools needed to engineer our career paths. If not for these influential people that have guided us through fog, rain, and hail, our goals would not even leave the runway. Also, the unconditional love of our family members gave us and continues to provide us with reason and purpose in our lives. They have been our maps when we've become lost, our bench when our feet have become weary, and our continual tour guides through each stage of our lives. In addition, they have allowed us to slip and fall, to venture into rugged and treacherous terrain, and now they will watch and celebrate the emergence of each one of us, as we discover our wings for the first time. We must embrace all of those dear to us, especially our friends. They too are searching for a compass to direct them to their dreams. Though each has his or her own plane to fly, no amount of land or water will separate them from our hearts. The love, laughter, and tears that we have experienced with our friends will become the photos that we'll proudly display in our memories. There will always be an infinite amount of room to bring these lessons, and keepsakes along with us, for the capacity to contain such invaluable items is endless. To lighten our loads, fears should be left behind, doubts tucked away, and hesitations forgotten. There is no room in our valuable carry-ons for these trifles.

Nonetheless, each of us here are bound to encounter a cancelled flight in our lifetime. What if, though, there are no alternate paths to follow, and no instructions to direct us? Simply do what you did as a child, fall upon the reassuring and resourceful words of Dr. Seuss.

So be sure when you step.
Step with care and great tact
And remember that Life's
A Great Balancing Act.
Just never forget to be dexterous and deft.
And never mix up your right foot with your left.
And will you succeed?
Yes! You will, indeed!
(98 and 3/4 percent guaranteed.)

As graduates of the year 2001, we can lead the world by going the distance. Our days at J. Percy Page are drawing to a close, but the miles will continue onwards. What's waiting at the end of this magnificent journey is not for us to know, but Oh, the Places We Will Go!

A YEAR OF MEMORIES
A YEAR OF MEMORIES

YEARBOOK

The year has finally come to an end. This yearbook is comprised of the memorable moments we shared throughout the year. These memories may make us laugh, cry, or even turn the page, as they will be with us for many years to come. Thanks to the collective efforts of four amazing individuals, ***Mahogany Newton, Pandora Lam, Cassandra Sager, and Tereza Elyas***, this yearbook has come to be. These students volunteered countless hours of their precious time to create a treasure of memories for all to enjoy. A special thanks to Mr.Fehler for capturing so many wonderful photos which comprise a large part of the yearbook, and to Kris Sveinson, Robyn Wincherauk, and Lindsey Krull, for their assistance with the Athletics pages. We extend our gratitude and appreciation to Mr.Kapoor for his never ending patience as our Yearbook advisor, and to Jostens for their assistance throughout the year. To my fellow graduates,

we must realize that our friends will always be with us, though we may now depart,

because the gift of memory will keep them forever alive in our heart.

Thankyou to all the students of Page, as you are a vital part of this Yearbook. On behalf of all the Yearbook staff, we hope you have a wonderful summer filled with many memorable moments.
